## AUCTIONEER KENNEY HAD FIELD DAY YESTERDAY.

Yesterday, despite the small attendance on Court Day proceedings, turned out to be a "field day" for Auctioneer M. F. Kenney, in the matter of sales.

Auctioneer Kenney sold at the court house door yesterday morning for Master Commissioner O. T. Hinton, a house and six acres of land in North Middletown, belonging to Charles R. Harris, to William Redmon, of North Middletown vicinity, for \$6,225. Later he sold at the same place for Master Commissioner Hinton, a house and lot in Clayville, belonging to the estate of Anne Fleming, colored, to Ed. H. Gore, of the L. & N., for \$800, and a house and lot, located on Liljeston avenue, belonging to the estate of Belle Taylor, colored, to J. H. Hutsell, for \$1,135.

Auctioneer Kenney also made the following sales yesterday: For Wm. O. Hinton, executor of the John T. Hinton estate, twenty-seven shares of capital stock of the Peoples-Deposit Bank & Trust Co., to various purchasers at an average of \$250 per share. For Sheriff Wm. G. McClintock, twenty-two acres of land, belonging to Robert Collins, to Squire John N. Shropshire, of Jacksonton, for \$2,400. He also sold publicly at the court house door six shares of stock in The Bourbon Tobacco Warehouse Company to different purchasers for \$165 per share.

## REVOKES PARIS MAN'S LICENSE.

Richard English, of Paris, practicing as a veterinary surgeon, has been barred from further practice. His license has been revoked by the State Board of Veterinary Examiners. English was arrested in Lexington last April by evidence collected by Narcotic Agent W. S. Fish, charged with violating the anti-narcotic law. He was found guilty at the May term of the Federal Court in Frankfort. After serving a short sentence English returned to Paris, where he has since resided.

## YOUNG THIEVES ARRAIGNED

"Spare the rod and spoil the child" is an old maxim that did not hold good in Judge George Batterton's court Saturday, when a young colored lad, charged with stealing, was given a whipping in the basement of the court house.

William Thomas Harris, aged nine, and Henry Lair, aged twelve, both colored lads, were arraigned in the County Court on a charge of stealing the sum of \$20 from Martin & O'Neil, blacksmiths and woodworkers, at the corner of Pleasant and Third streets. The Lair boy, who, despite his tender age, has been before the Judge on several occasions, was sentenced to the State Reform School at Greendale, until he reaches the age of twenty-one. The Harris boy was sentenced to have a good whipping, which was administered to his person in the basement of the court house by his aunt. He was released with a severe reprimand, and told to mend his ways. Smarting with pain and tear-dimmed eyes the boy solemnly promised to be better.

## ASK FOR ADVANCE IN TELEPHONE RATES

At a meeting of the Maysville City Council, as a committee of the whole, J. J. Veatch, of Paris, District Manager of the Central Home Telephone Co., owners of a majority of the stock of the Maysville Home Telephone Co., presented a petition asking that the telephone company be permitted to increase its rates to local subscribers twenty-five cents per month. The Council took the request under advisement, and will render a decision at a special meeting to be held this week.

## A DECIDED NUISANCE

"Sit down! Sit down! Sit down!" What are those strident yells greeting our ears these summer nights? No, Mamie, there is no convention or colored camp meeting in progress in Paris. Those yells are coming from some poor stiff-necked movie fans on the lower floor of the Grand Opera House, as they try their best to see what is being thrown on the screen, while the parade of shadowgraphs is passing in front of the projecting machine in the balcony. How long will the management continue to permit this?

The man who doesn't know a woman until after he marries her is apt to regret the acquaintance.

## SCHOOLS REOPEN FOR THE FALL TERM.

All roads, and many of the pavements, yesterday led to the schools of the city and county, as the pupils, freshened and revived by their summer vacation wended their way back to school and books. The new County High School at Millersburg, for reasons that were satisfactory to the school authorities, will not open until Monday, September 13.

Special attention of parents and guardians has been called by the school officials to the new school attendance laws which are now operative and which will be strictly and impartially enforced. All children between the ages of seven and sixteen are required to attend school five days in each week. The penalty for non-observance of the law is a fine of \$5 each day's absence, and for continued violation of the law, \$100 fine and fifty days in jail.

The Paris schools are in fine trim for a prosperous season, the faculty of the High School having been especially busy this summer, absorbing new ideas of school work, and attending the summer course at various universities and colleges. Under the personal supervision of Prof. Lee Kirkpatrick, who has abundantly proven his fitness for the place, the schools will go forward to renewed activity, progress and success in the school term of 1920-21.

The North Middletown High School opened yesterday for the fall term with a good attendance. The following compose the faculty: Prof. R. H. Ellett, principal; teachers, Prof. E. M. Costello, Misses Louise Benthall, Daisy Detwiler, Della Tindler, Mary Ellet, Helen Leigh, and Florence Dick, the latter having charge of the kindergarten class.

It makes a big difference in the work of the Paris schools if the fall term starts with all the pupils present. When people are busy and driven with work, it is a temptation to keep children out of school, regardless of its effect on the school. Such absences make a slow start on the year's work. The pupils who are present are held back while the absent ones catch up. Promptness and punctuality are one of the lessons that schools are supposed to teach. If children are kept out of school needlessly the parents may need the lessons quite as much as the pupils.

Mrs. Robert Bell, of the Bethlehem pike, has been appointed County School Attendance Officer by the County Board of Education. It will be her duty to enforce the provisions of the new State educational law, which went into effect yesterday. Children must attend school daily. No excuse except sickness, death or impassable roads will be accepted. Parents are urged to comply with the provisions of the attendance law, and avoid disagreeable consequences.

The Paris City Schools are starting off with a record attendance. First four grades enrolled Monday. The next four will enroll to-day. Wednesday and Thursday the High School will be enrolled. Prospects are good for the greatest year in the history of the City Schools.

All grammar grades of the City School began work yesterday. The Catholic parochial school, at the corner of Main and Twelfth streets, will open to-day for the fall and winter term. Mrs. Sutherland's private school will open to-morrow. A number of private classes in voice, piano and expression will open at varying intervals through the week.

## WEEKLY BANK CLEARINGS

Business picked up with Paris merchants during the past week, and the general tone of the financial market was considerably stronger. The farmers are all busy and with labor fully employed at the highest wages, the business prospect is a very good one. The weekly clearings report of the four Paris banks shows a slight increase over the previous week, as follows:

People-Deposit	\$282,180.19
Farmers & Traders	67,922.49
Bourbon - Agricultural	169,494.13
First National	166,819.92

## EARLY DAYS OF JOHN FOX, JR.

(R. S. Porter, in Lexington Leader)  
The visit to Paris recently of Fritz Scheff, the actress, divorced wife of the late John Fox, Jr., who died several months ago and was buried in the family lot in the Paris Cemetery, whose mission was to visit the grave of her former husband and place thereon a floral wreath, recalls to older residents of this county the hard struggles of the popular author and dramatist when he was a young man and before he had acquired fame and fortune.

John Fox, Jr., was the son of Mr. and Mrs. John Fox, who resided on the Winchester pike, near Paris. Following the burning of their home the family removed to Paris, where for many years the elder Fox conducted a school on Main street on site now occupied by the Bourbon County Y. M. C. A. building.

Like many other young authors the early experiences of young Fox were discouraging, and many times he felt like giving up the struggle and returning to the humdrum life of the farmer. But he persevered, and at the time of his death was recognized as one of America's foremost young writers.

Will A. Hill, city editor of THE BOURBON NEWS, recalls an incident in the life of the author which illustrates his fight against strong odds and his appreciation of those who stood by him in his struggles. One day, Fox, came to Mr. Hill, who was at that time Paris correspondent of the daily papers, and handed him a bundle of manuscript, saying he wanted to ask of him the favor of typewriting it, punctuating, paraphrasing and correcting all errors, as accomplishment of which he did not feel himself entirely competent.

He stated at the time that he was financially embarrassed, and would not be able to pay Mr. Hill very much for the work. Mr. Hill accepted the task and, becoming interested in the story, he finished it at one sitting.

It proved to be the first novel accepted by the publishers and placed Mr. Fox on the road to success. The title was "A Mountain Europa," and was first published in serial form in Scribner's Magazine. Under the screen title of "A Cumberland Romance," the story was shown at a Paris picture house last week.

A few years later, and after Mr. Hill had entirely forgotten the incident, Mr. Fox entered THE NEWS office and remarking, "I believe I am indebted to you for a great favor," placed in his hands a check for a neat sum, and a few days later Mr. Hill received a copy of each of his most successful works, bearing the author's autograph and a neat sentiment of the author's appreciation and good wishes.

During her visit here Miss Scheff spoke in the highest terms of her late husband. "John Fox was a prince among men," she said, "but his temperament and mine ran in different grooves, and we concluded the easiest way was the best way. I have always had the highest regard for him, and shall ever cherish his memory."

Little Miss Jewell Kriener, daughter of Mr. and Mrs. Louis Kriener, of Junction City, while playing with a pet dog at her home last week, was bitten on the neck by the animal. The dog was immediately killed. The child is doing nicely, and seems to be suffering no ill effects from the injury. She is a granddaughter of Mr. and Mrs. Nicholas Kriener, a niece of John Kriener and Mrs. Robert Lusk, of Paris.

## TO HELP ENTERTAIN MEMBERS ORPHAN BRIGADE

The Board of Directors of the Paris Commercial Club, at the meeting held recently, appointed a special committee, composed of W. G. McClintock, Henry A. Power, M. Peale Cillier, W. O. Hinton, W. C. Talbott, John J. Williams and Dr. J. T. Vansant, to assist in perfecting plans for entertaining survivors of the Orphan Brigade, who hold their annual reunion here September 30. This committee will act in harmony with the Richard Hawes Chapter, Daughters of Confederacy, in carrying out the entertainment program.

At the same meeting a number of applications for the position of permanent secretary were received and considered, but action on them was deferred until a later meeting of the Commercial Club. Only a few members have sent in their referendums. The others are urged to forward them at once. The chairman of the different trades and professions are requested to call their members together and effect a working organization as directed at the last meeting.

## FISCAL COURT PROCEEDINGS

But little business was transacted at the special meeting of the Bourbon Fiscal Court, held last week. Judge George Batterton presided, with a full Board of Magistrates present. The County Road Commissioners presented their report, which showed sufficient funds on hand to continue the road construction program through the month of September.

The Commissioners expect to continue the sale of road bonds up to \$50,000 additional, so the work may go on until November, or until weather conditions interfere. The report showed that the department has done more work than in any previous year. After disposing of some routine matters the Court adjourned until the regular September session.

## RESIGNS FROM SCHOOL BOARD.

D. C. Lisle, for many years a highly-valued member of the County Board of Education, tendered his resignation at a meeting of the Board, held recently in the office of County Superintendent J. B. Caywood. The Board very reluctantly accepted the resignation. Mr. Lisle has given his time and attention to the educational needs of the County Schools without reserve, and his absence will be left. The Board rounded out the faculty of the County High School at Millersburg by selecting the following: Russell Jones, of Frankfort, assistant principal; Miss Lena Payne, of Harrodsburg, teacher.

## RELIEF WORK FOR CARLISLE FLOOD VICTIMS.

Inclement weather since the flood on Friday night has retarded relief work in the devastated district at Carlisle. Citizens who escaped the flood are lending all aid possible. A mass meeting was held in the Masonic Temple, at which time an organization was perfected for the purpose of raising funds by which can be purchased bedding, clothing and food for at least fifty families whose destitution is apparent.

This organization is to be conducted under the auspices of the Carlisle Red Cross chapter, and any person who cares to lend aid can send their donations in care of the Carlisle Red Cross.

That portion of Carlisle visited by the flood is inhabited by the laboring class, which makes it more necessary for charity work. Up to the present time as much as \$5,000 has been raised and donations are coming in from many cities and towns of the State.

Fully 3,000 persons have visited Carlisle from a radius of fifty miles, and the general expression was that they found conditions very bad.

## RACING STOCK MULES TO COMPETE AT FAIR.

Stubbornness and a lack of speed are the principal attributes of some mules, but in the Bluegrass region of Kentucky are two mules noted for their going qualities. William H. Whaley, of Paris, owns one, from Blazing Star, the dam of Blazes, one of the most famous race horses of his day. The other is owned by Charles Thompson, of Lexington, from the dam of the race horse, Hank O'Day. These two mules will meet this year in a speed contest at the State Fair in Louisville. The event will be one that will attract a great deal of interest among horsemen and will afford great sport. Mr. Whaley is confident his animal can take the measure of the Fayette county "Maude," and has a large number of friends here who are of the same opinion, and who are willing to back that opinion in the books.

## "KENTUCKY'S" SILVER SERVICE COMING TO FRANKFORT

The famous silver service presented to the battleship "Kentucky" when it was launched May 15, 1900, as a gift from the State, is on its way to Frankfort, where it will be on exhibit in the old Capitol building occupied by the Kentucky Historical Society. The Navy Department, at the request of Lieut. Gov. Ballard, is lending the service to the society, that Kentuckians may view it. It is not known how long it will remain in its possession, as the Navy Department can not relinquish it, though it is possible that it will stay in Frankfort indefinitely. The battleship "Kentucky" has been abandoned as obsolete.

When the "Kentucky" was "Fighting Bob" Evans' flagship the silver service was used on various occasions and the big punch bowl held liquid joy at the celebration of the ship's maiden voyage to Asiatic waters.

## BOURBON GUN CLUB.

In the show window of the Arden Drug Co. is displayed a handsome hammered brass loving cup, donated by former Parisian T. Porter Smith, of Georgetown. This is the trophy to be contested for on the Bourbon Gun Club grounds this (Friday) afternoon. Mr. Smith has expressed a desire to have this trophy contested for by all shooters, whether club members or visitors, "and may the best man win."

The Gun Club's next sporting feature will be a registered shoot to be given on their grounds next Tuesday, September 7, beginning promptly at nine o'clock, a. m. Many noted trap shots from all parts of the country will be present and participate in the trials of skill over the traps. The ladies are especially invited to be present.

## WASHINGTON PAPER SECURES ARCH POOL'S SERVICES

Arch Pool, for five and one-half years managing editor of the Frankfort State Journal, has resigned to accept a place on the copy desk of the Washington Times, beginning September 1.

Mr. Poole came to the State Journal in February, 1915, from Louisville, where he had been connected with the Courier-Journal for nearly twenty years. He came to Louisville from Western Kentucky after a connection of five years with the Paducah News, now the News-Democrat. His services to Kentucky papers has been regarded as especially valuable because of his extensive knowledge of Kentuckians and Kentucky affairs generally.

## "PUBLIC HAS HAD TOO MUCH JAZZ."

The public has had too much jazz and is turning toward more natural music," said Paul B. From time immemorial men claim to have been striving at each election to elect none but good men to office.

## ABOUT TO RETIRE FROM BUSINESS

Prominent Illinois Contractor Had Suffered Thirty Years—Tanlac Brings Health.

"When I began taking Tanlac I was so bad off I was about to retire from business," said Charles Stenstrom, the well-known concrete and excavating contractor living at 607 Fishgate street, Peoria, Ill.

"For thirty years I have suffered all the misery that goes with stomach trouble, rheumatism and disordered kidney," he continued. "My stomach was so badly upset that it nearly laid me up altogether and after every meal I took cramping spells that sometimes were so bad I could not leave the house for I was afraid I could not get back. I bloated up so with gas that I could not get a long breath. My legs pained me almost every minute of the day and when the weather was damp my arms hurt me so bad it was agony for me to try to bend them. My kidneys were so badly out of order that I had pains all through my back and at night I was in such misery I could hardly sleep at all. Every morning my back was so stiff it was hard for me to get out of bed and during the day I couldn't think of doing any work."

"But things are different since I got hold of Tanlac and it has made such a remarkable change in me that I feel thirty years younger and if it was necessary I could handle a shovel and turn as much dirt as any of my men. Everything I eat now agrees with me perfectly and I am never troubled in the least with gas or with cramping spells. The rheumatism has nearly disappeared and the pains and stiffness in my back have all gone. I sleep sound every night and of mornings I get up feeling hale and hearty. I have given up all idea of retiring from my business, as Tanlac has given me new life and strength and I am enjoying better health than I have for many years."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

## AUTOMOBILE COLLECTIONS FOR JULY AND AUGUST

The automobile collections for the months of July and August amounted to \$39,447.81, as compared to \$33,053.20 for the same months last year. The increase in collections is due in a large measure to the fact that men are in the field constantly running down delinquents, and it is the intention of the State Tax Commission to keep the men in the field after County Clerks begin issuing the license.

## Just History

In '76  
The Colonial Dame  
Spun her cloth  
By Candle flame.

In 1860  
In Crinoline bright,  
She greeted her guests  
By Coal Oil Light.

And later on,  
How time does pass  
Her home was lit  
By flickering Gas.

But the girl of to-day  
Who wants her home bright,  
Just presses a button  
And has Electric Light.

## Keep this Door Open Too—Mr. Merchant!

Would you lock one of your doors for the price of a telephone?

When your telephone is busy (with either incoming or outgoing calls) an important business-getting door of your store is closed and locked. Maybe the customer who wants to telephone you an order will wait until that door is open again—but maybe he won't!

If your present equipment is often in use, you might make a profit on another telephone or "trunk"—or on even several more; a good many merchants do.

We can list them all under the same number, using any of your lines that is idle when you are called. It will pay you to make it easy for your customers to reach you on the telephone. Think it over.

**FEW LICENSES ISSUED.**

Up to yesterday only three new hunting licenses had been issued from the office of County Clerk Pearce Paton to nimrods who desire to hunt doves and squirrels. The doves are reported as being scarce, hunters early in the field having killed or scared away most of them. Hunters coming in yesterday report poor luck. While there are said to be many squirrels in this section of the State, this season, there are said to be fewer hunters than usual. The open season law, now operative, is not being taken advantage of by as many as in previous years.

Secretary C. B. Harrison, and Physical Director M. M. Sheffield, of the local Y. M. C. A., have returned from Camp Daniel Boone, at Valley View, on the Kentucky river, where they attended the Conference of Kentucky Y. M. C. A. Secretaries.

One of the features of the Conference was the adoption of a standard program of activities and events for all the Kentucky Y. M. C. A.'s during 1920. These programs will be submitted to the various Boards of Directors, and then a Statewide contest conducted by the associations in all features will be universally adopted. Forty-two secretaries were in attendance.

**YESTERDAY LABOR DAY**

Yesterday, besides being school opening day, and Court day, was marked by the observance of Labor Day, the annual recurrence of which furnishes organized labor a day's holiday and employees a chance to get acquainted with themselves. The Paris banks and the postoffice were closed and many business houses gave their employees a half-holiday. Paris Carpenter's Union joined in the big parade and celebration held in Lexington. Other Parisians spent the afternoon at the big shooting tournament held on the Hilltop Gun Club grounds, near Austerlitz. THE NEWS force observed the day, as usual, by getting out the best country paper in Central Kentucky.

**SEPTEMBER COURT DAY**

With nearly all the farmers busy as bird dogs on their farms, and the counter attractions of Labor Day celebrations, dove hunting, trap shooting, etc., yesterday proved a very poor Court Day. There was but a very small attendance on the time-honored institution, and not much business transacted. Little stock on the market, and very little trading done. There was a very noticeable absence of horses and mules, and no cattle. Merchants report a light day's patronage, and collections slow. Even the Salvation Army representatives could not gather up an audience large enough to warrant suitable financial returns. It was one of the "slowest days" of the year.

## HOME PRODUCTS

Figures given out by the State College of Washington, showed that at recent home demonstrations where 98 women attended at making courses, 26 new and 66 made-over hats were constructed at an average cost of \$1.57 each. It was estimated that the average amount saved by each woman was thus \$5.81.

Many fashionable women would say that such an amateur product would lack style. But under good instruction, it might compare well with more ornate specimens the great city stores are always showing.

Instruction by schools in such arts helps make many families independent, and it diffuses standards of taste. It must be much easier for the dressmaking and millinery trades to get competent help, in cities where the schools teach young women to do deft and artistic work with their hands.

## EVEN SMALL APPLICATIONS OF LIME IMPROVE SOIL

Lime is so essential on the soil in such a large part of the State and the length of wagon haul is so great in so many places that it becomes highly comes highly important to know whether small applications of limestone will be sufficient to obtain a good growth of clover. Experiments which the department of agronomy has been conducting for three years indicate that from 500 to 1,000 pounds of ground limestone to the acre will very greatly increase the growth of clover on soils needing lime. It is suggested that county agents put out a number of demonstrations as follows: Mix 250 pounds of acid phosphate with 750 pounds of finely ground limestone and apply 1,000 pounds of the mixture to the acre. Do the mixing immediately before using. If possible to apply the above amount or close to it through the fertilizer attachment of a grain drill, it may be drilled in with wheat or rye. In any event, it is advised to seed the treated land to wheat or rye, and then seed to red or sweet clover on a 'honey-comb' freeze next February. It is confidently believed that this treatment will bring an excellent crop of clover, although, of course, larger applications will make the lime treatment last longer. Burnt lime may be used at one-half the above rates of application.

## How Women Are Often Cheated Out Of Their Best Years

Physician Explains How Many Women Undermine Their Health and Wreck Their Happiness by Letting the Iron in Their Blood Run Low Tells How Organic Iron, Like Nuxated Iron, Helps Strengthen The Nerves, Put Roses In The Cheeks and New Vigor and Health In The Veins Of Pale, Careworn Women.

Lack of iron robs the blood of its power to make firm and healthy tissue, brain, and muscle out of the food we eat and the oxygen we breathe, and turns a woman with rosy cheeks, sparkling health and boundless energy into one who is pale, run-down, tired and hopeless. Her thin, watery blood, lacking strength-giving iron, under-nourishes her body and brain and robs her of her natural energy and cheerfulness. She loses interest in life and cannot enter into the normal healthy pleasures of those about her. She is literally cheating herself out of the best years of her life, when she might, in most cases, quickly regain her strength and vitality by feeding her blood with organic iron—Nuxated Iron.

The alarming deficiency of iron in the blood of so many women of today has been explained by a number of doctors as being due to the abnormal hurry and strain of modern life, as well as to over-work, and our refined, unnatural diet. These all tend to drain the natural iron from the blood faster than the body can replace it without assistance. Under these conditions we should feed the blood with organic iron, and Dr. James Francis Sullivan, formerly of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, explains below why organic iron, like Nuxated Iron, is administered to nervous and run-down women to make them stronger, healthier, and happier.

"Every woman has the right to years of vigor and health. But many a woman cheats herself of her best years by allowing lack of iron in her blood to undermine her health. To me the saddest feature of modern life is the number of unhappy careworn women who might so easily regain happiness and health. Doctors' offices are filled with women who are constantly tired, pale, sickly, uninterested in life. I am convinced that many such women, by simply putting iron in their blood, might readily build up rich red blood, increase physical energy, and get themselves

"Where Are My Best Years Going?" asks many a woman who sits indoors, too tired to play, too listless to enjoy the good things of life. Dr. Sullivan in the accompanying article explains how women may quickly regain their health and happiness by the use of organic iron—like Nuxated Iron.

time, I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse. The older the woman, the more she needs it. It is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not irritate the stomach. Each bottle of genuine Nuxated Iron is stamped as follows: 'Nuxated Iron' and the words Nuxated Iron are stamped into each bottle, so that the rubber stopper will not be lost into an inferior substitute. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

I. is to be conducted is arousing a great interest here, and everybody is, and ought to be, willing to render every assistance possible to make the school this year as great a success as can be under existing circumstances. Since deciding to continue the institution on a larger scale in the future than it has ever been conducted in the past, new life has been instilled into the enterprise, and everybody wants to do something in order to keep the institution alive. The fact that the M. M. I. is to be opened has already gone abroad, and parents elsewhere who have not booked their boys in other schools are writing for information in regard to it. Of course the quarters of the new school will be limited, and will have no boarding capacity. We do not want to turn down boarders. Let every housekeeper get busy, confer with Maj. Nelson in regard to board, and if necessary, take all you can accommodate under the restriction he will require.

## BIRTHS.

At Charleston, Miss., to the wife of A. P. Adair, Jr., formerly of Paris, a son, christened A. P. Adair, III. Mrs. Adair was formerly Miss Sadie Gibbons, of Texas. Mr. Adair is a son of Mr. and Mrs. A. P. Adair, of near Paris.

## STOCK, CROP, ETC.

W. A. Thompson, of Paris, shipped to the Philadelphia markets three carloads of cattle, weighing an average of 1,425 pounds, which he purchased of Aylette Buckner, at 14½ cents a pound, and two carloads averaging 1,400 pounds, purchased of W. P. Thomas, at 13½ cents a pound.

Henry S. Caywood, of North Middletown and Paris, representing Swift & Co., of Chicago, shipped to the New York markets four hundred head of choice beef cattle for which he paid from fourteen to fifteen cents a pound. Mr. Caywood sold to Robert E. Moreland, of Lexington, a six-year-old walk and canter mare for a price running up into the four figures.

Caywood & McClintock shipped to the New York market 40,000 head of lambs, which they purchased of different parties in this and adjoining counties at prices ranging from 7½ to 12 cents a pound. They recently shipped to the Cincinnati markets three carloads of good butcher cattle purchased at nine to eleven cents a pound, and bought of Lew Taylor a carload of fat hogs for which they paid fourteen cents a pound.

At the Blue Grass Fair last week Goff & Rice, of Paris, won the following prizes on Shorthorn cattle: First and second on two-year-old bulls; first on cow and calf; first, second and third on Junior yearling heifers; second and fourth on Junior calves; first and second on aged herds; second and third on produce of cow; Senior and Grand Champion on their white herd bull, Liberty Stamp.

The local horse and mule market is extremely dull at present, and very few transactions are recorded in that line. They are about as low in price as at any time in previous years, and the demand is very light. Bourbon county stockmen are hopeful of better market conditions in a few weeks.

## ARTIST SERIES IN PROSPECT

People of Central Kentucky will hear with enthusiasm that there is to be an artist concert series given this season in Lexington of even greater attraction and interest than ever before. Miss Anna Chandler Goff, Director of Lexington College of Music, is the promoter, and if one thousand subscribers for season tickets will respond at an early date, it will insure the following great musical events:

Cincinnati Symphony Orchestra, October 6, matinee and night.

Geraldine Farrar, Mme. Schumann-Heink, New York Symphony Orchestra, April 4, one concert only. Without doubt the patrons of music will support this project with eagerness, and, if so, the concerts will be given at the Woodlawn Auditorium, where there is room for all. (adv)

## RELIGIOUS.

Rev. T. S. Smylie, pastor of the Presbyterian church, preached the first of a series of sermons on "Is There a God." Sunday night to a large and attentive audience. Others will follow each Sunday. The subject was ably handled and showed deep research and thought, being in the nature of an answer to the doubting mind of the scoffer and atheist.

Paris people, and especially the members of his congregation, are glad to note the return of Rev. C. H. Greer as pastor of the Paris Methodist church. Rev. Greer has made his place secure in the affections of his congregation, and the action of the Conference in returning him to the Paris church shows approval of his work among his people.

## DEATHS.

## McINTYRE

After an illness of only a few days, Dr. Andy McIntyre, 70 years old, died at his home on East Main street, in Carlisle, Friday. Early in the week Dr. McIntyre suffered an attack of acute indigestion and had been confined to his room since, although his condition was not considered serious.

Dr. McIntyre was born in Rowan county, but located in Carlisle in 1879, two years after graduation from the Ohio Dental College. He has been a leading dentist in this section of the State and has been actively engaged in the practice of his profession until his recent illness.

The funeral services were held at the home Sunday afternoon, conducted by the Rev. W. P. Crouch, assisted by the Rev. Bela Metcalfe, after which burial took place in the Carlisle Cemetery. The Masonic fraternity had charge of the services at the grave.

Dr. McIntyre is survived by a wife and two children, a son, Dr. W. O. McIntyre, of Cynthia, and one daughter, Mrs. Ed. Metcalfe, of Carlisle.

## MATRIMONIAL.

## BOWMAN-DALE

Henry Dale, son of Mr. and Mrs. R. E. Dale, of near Paris, and Miss Myrtle Bowman, daughter of Mr. and Mrs. Chas. Bowman, of Bourbon county, eloped to Jeffersonville, Ind., Friday night, and were married there Saturday morning by Justice Kegwin. They returned to Paris, Saturday, and were given the parental blessing and forgiveness. Parental objections on account of the youth of the couple precipitated the elopement.

## MANN-JAMES.

Friends of Miss Hallie Mann and Mr. Cornelius James, both of Paris, were greatly surprised to learn of their marriage, which took place in New Albany, Ind., Friday evening, the ceremony being performed by a local minister. Mr. and Mrs. James returned to Paris, Saturday, and will make their home here.

Mr. James and Miss Mann left Paris, Friday, in an automobile, presumably to attend the Blue Grass Fair, at Lexington. Instead of that they motored to Louisville, where they were joined by friends and proceeded to New Albany, where they secured license and were married.

Mr. James is a son of Mrs. Mollie James, of Paris, and a brother of Lawrence James, of Hazard, Julian and John James, of Paris, and Mrs. G. C. Thompson, Jr., of Allensville, Alabama. He has for some time been in the employ of the Louisville & Nashville, at this point, and is a popular young man. He is an ex-service man, having been in the U. S. Navy during the world war, stationed on the transport Covington, which was sunk by a Hun torpedo on the ship's seventh round trip to France carrying U. S. troops.

His bride is a handsome young woman, daughter of Henry Mann, of Paris, and very popular among the younger set of the city. She was formerly bookkeeper at the plumbing establishment of John Merringer, being the fifth young woman in Mr. Merringer's office to forsake business for matrimonial blessedness.

## NOTES OF THE LODGES

Several candidates received the First Degree in Oddfellowship at the meeting of Bourbon Lodge, held last night. The Initiatory Degree was conferred on Glenn T. Rowland, of Paris, at the last previous meeting.

Mrs. Thos. A. Bratton was obligated at the recent meeting of the Pythian Sisterhood. The lodge will meet every Thursday night for the purpose of special drill work.

A. J. Lovely Co., No. 34, Uniform Rank Knights of Pythias, will go to Winchester in full uniform, tomorrow night, to attend the Littlejohn Carnival. They will be special guests of Mr. T. P. Littlejohn, who is an ardent member of the order. The property loss occasioned by the recent flood at Carlisle has been replaced, and the carnival again placed on a working basis. The Knights will make the trip in a big motor truck.

## BUYS FINE YEARLINGS

Robert C. Frakes, formerly of Paris, has purchased from Carr & Platt, of Lexington, the yearling bay colt by Light Brigade or Peter Quince—Bunchy, and the yearling chestnut filly by Ballot—Stacadia, by Star Shoot. The purchases were made for a local man who is a new comer on the turf and does not want his name mentioned in the deal. The yearlings will be broken at the Lexington track after the fall race meeting.
